REPAIR SERVICE

Sources of trouble:

1. Telephone company lines
2. Wiring inside your residence
3. The telephone set

Call the repair number listed previously to report interruptions in dial tone or problems with hearing or being heard. Northwestern Bell will repair service problems in telephone company switching centers and lines connected to the terminal box located inside/outside your residence at no charge. If your service is interrupted for more than 24-hours after being reported to Repair Service, you may qualify for credit on your local monthly charges.

If the service problem is in the wiring inside your residence, Northwestern Bell can repair the trouble. There will be no charge if you subscribe to the Inside Wiring Maintenance Plan. The charge is $1.00 per month per telephone line. If you do not subscribe to the Plan, you will need to arrange for the repair of the wire. Northwestern Bell is among the suppliers you can ask to do the work. We will bill you for the time involved and materials if you choose us to do the work.

Northwestern Bell technicians will also identify the specific location of a faulty telephone set if you subscribe to the Plan. If you do not subscribe to the Plan, charges will apply if Northwestern Bell makes a repair visit and the trouble is determined to be a condition in the phone, terminal or data equipment.

The source of repair for telephone sets depends on whether you lease or own the telephones. If you lease, contact the supplier. If you own your telephones, follow the repair instructions on the warranty or return the telephone to the place you bought it.

WIRING OPTIONS

Customers are responsible for the installation, maintenance and repair of all new and existing telephone wiring located within their premises. Inside wiring is the wire that connects the telephone company line to telephones. Generally the telephone company line is connected with inside wiring in your premises at a point close to the telephone company protector, a voltage protection device. All inside wiring must meet certain technical standards. Landlords may be responsible for wiring on rental property.

THREE OPTIONS ARE AVAILABLE:

NORTHWESTERN BELL WILL WIRE YOUR HOME OR OFFICE

If you are building or remodeling, we can install telephone wires before the walls are put up. Or wiring can be installed in finished locations. Call a Service Representative for more information about this service and what charges apply.

DO-IT-YOURSELF

Special kits let you do-it-yourself. You can install new wiring or add wiring at your convenience. We'll give you a brochure that describes technical standards, wiring products and offers some helpful planning tips.

YOU CAN HIRE A CONTRACTOR

If you prefer, you can hire a private contractor to do the work for you. Charges will be based on your agreement with the contractor.

DIRECTORY LISTINGS

LISTING COMES WITH NEW SERVICE

With your basic telephone service you receive a listing in the White Pages of your telephone book. You can list one name in the book, or two people with the same last name without an additional monthly charge.

If you do not want your name listed in the directory, but available from Directory Assistance, request a non-listed number. There is a **90¢** monthly charge.

There is a **$1.85** monthly charge on a non-published number which is not in the directory nor available from Directory Assistance.

Other telephone companies may vary.

TO CHANGE YOUR LISTING

If you want to change your listing for the next directory, call us before September 1, 1986* the directory "close date." For each listing change, you pay a one-time service order processing charge. To make members of your household easier to find, you may want to consider extra listings.

*This date is approximate and could change without notice. To ensure a listing change, call as far in advance as possible.

HOW TO OBTAIN DIRECTORIES

Additional directories or directories for other cities in Iowa may be obtained by calling your Service Representative. In some cases a charge may apply for out-of-town directories.

A charge will apply for out-of-state directories.

Telephone directories of principal United States cities are available for your use at the public library.

Services for Disabled Customers

SERVICES FOR ALL DISABLED CUSTOMERS

Northwestern Bell provides telecommunication services for customers with motion, vision, speech and hearing disabilities through its Special Needs Center. The Special Needs Center can be reached by voice or TDD at:

1 + 800-223-3131 (no charge)

For more information about doing business with us, payment information, local calling areas, local and long distance dialing, look in the appropriate section elsewhere in this Guide.

EXEMPTIONS FROM OPERATOR SERVICES CHARGES

If a physical impairment prevents you from placing phone calls yourself, we don't want you to pay the added costs of having the Operator place calls for you. Contact your Service Representative to see if you qualify for exemption from the usual charges for Operator-assisted calls. (This exemption applies only to your home phone service.)

EXEMPTIONS FROM DIRECTORY ASSISTANCE CHARGES

Also, if an impairment makes it impossible for you to look up numbers in the phone book, call your Service Representative to see if you qualify for exemption from charges for calls to the local Directory Assistance Operator. (This exemption applies only to your home phone service.)

REPAIR SERVICE

During regular business hours, dial no charge (TDD & Voice):
1 + 800-223-3131

All other times, dial no charge (TDD only):
1 + 800-855-1155

SERVICES FOR TDD CUSTOMERS ONLY

If you are a TDD user, the Special Needs Center is your point of contact for all business with Northwestern Bell. The number is **1 + 800-223-3131** (no charge) Voice/TDD.

WHAT IS TDD SERVICE?

TDDs (Telecommunications Devices for the Deaf) are typewriter-like devices that permit hearing- or speech-impaired persons to communicate via telephone lines with other TDD users. The phone receiver fits into an acoustic coupler on the typewriter-like devices and permits the users to type messages back and forth.

OPERATOR ASSISTANCE FOR TDD-USERS

If you use a TDD and need help placing local, long distance, collect, Calling Card, third number or other Operator-assisted calls, or if you get cut off on a call, you can reach TDD Operator Services any time by dialing the number:
(TDD only) **1 + 800-855-1155** (no charge)

DIRECTORY LISTINGS FOR TDD USERS

A TDD-user can have a listing in the phone book to indicate a TDD, and can have the phone number appear with or without a street address.

Examples:

Smith, J J	TDD Only—555-8888
Smith, J J	TDD & Voice—555-8888
	or
Smith, J J 123 Allen Rd.	TDD Only—555-8888
Smith, J J 123 Allen Rd.	TDD & Voice—555-8888

The phrase "TDD only" preceding a telephone listing indicates the telephone is answered using a Telecommunications Device for the Deaf, and communication can take place over the line only via another TDD. If a listing includes "TDD & Voice," both TDD-users and speaking/hearing people can communicate over the line. There is no monthly charge for TDD customers requesting non-published listings.

SPECIAL RATES FOR LONG DISTANCE CALLS WITHIN YOUR NORTHWESTERN BELL ZONE**

If you or someone in your household is hearing or speech impaired and uses a TDD, your home phone service may be eligible for special rates on long distance calls that you dial yourself to telephone numbers within your Northwestern Bell Zone. Calls placed during the day are billed at the evening rates, and calls placed in the evening are charged at the night rate.

To qualify for the discounts, a physician, audiologist, speech pathologist, or a representative of an appropriate state agency must sign a form that you need the TDD to communicate by phone. Forms are available by calling the Special Needs Center. Northwestern Bell will notify you of receipt of your form by contacting you via TDD.

HOW TO GET CREDIT FOR LOSS OF SERVICE

If you have reported that you are unable to make or receive calls and Northwestern Bell's equipment is out of service more than 24 hours, you are entitled to a credit on your next bill for the local service charges. Northwestern Bell is not liable for any losses or damages beyond refund of local service charges.

CONSUMER RESPONSIBILITIES

CUSTOMERS' PAYMENTS

Customers are responsible for making their payments in full and on time each month, or calling their Service Representative to find out about special arrangements. Otherwise, their telephone service may be temporarily disconnected.

HARASSMENT BY TELEPHONE

It is a crime under both state and federal laws for anyone to make obscene or harassing telephone calls. These laws have penalties of imprisonment and/or a fine.

YIELDING A PARTY LINE IN AN EMERGENCY

State law makes it a crime to refuse to yield a party line immediately when told the line is needed for an emergency. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The penalty for either offense shall be a fine or imprisonment, or both.

UNLAWFUL WIRETAPPING IS SUBJECT TO PROSECUTION

It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call, unless that person has first obtained the consent of one or both of the parties actually participating in the call. Properly authorized law enforcement officers can take part in interceptions without the consent of either party, when proceeding under court orders issued following the appropriate federal or state law. The penalty for illegal wiretapping can be imprisonment and/or a fine.

FRAUDULENT BILLING CAN LEAD TO PROSECUTION

It is illegal for a person to charge long distance calls to another's number or Calling Card without their permission. Persons placing such calls to avoid payment for service are subject to prosecution and if convicted are subject to imprisonment and/or a fine.

TELEPHONE EQUIPMENT

Customers are responsible for providing their telephone sets or other telephone equipment. Federal Communications Commission (FCC) guidelines allow you to supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network. You are not required to obtain your telephone or other terminal equipment from the telephone company in order to receive service. Rates and services are provided on an equal basis no matter where you obtained your equipment.

Telephones or other terminal equipment must be approved by the FCC and inside telephone wiring must meet certain technical standards. You are responsible for the proper connection, maintenance and repair of telephone equipment and inside wiring you are providing.

A charge of **$26** will apply for each repair visit by the telephone company requested by you when it is determined that the difficulty was not due to a condition in Northwestern Bell equipment or service, unless you subscribe to the Wiring Maintenance Plan. This charge is to recover the costs of sending a repair technician to your premises. If your telephone system is served through common equipment, such as Key Systems, CENTREX/CENTRON or PBXs, the charge is **$39.** No charge applies if the difficulty is found in the telephone company equipment.

FCC rules also require that you notify the telephone company before connecting your equipment.

Privately owned data equipment may be connected to certain semi-public phone service. Contact your Service Representative for information.

A charge of **$130** will apply for each repair visit by the telephone company requested by a data customer when the service difficulty is determined not to be in Northwestern Bell equipment or service.

Other telephone companies may vary.

Customers of other Telephone Companies should contact their local business office regarding telephone equipment.

OBTAINING TELEPHONE EQUIPMENT

If you want information about telephone sets or other types of *equipment*, contact a retail supplier of your choice. TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office, but there are a few situations where a telephone user should be cautious.

- Do not use the telephone while you are in the bathtub, shower, or swimming pool. Putting the telephone in water could cause a shock.
- Avoid using the telephone during electrical storms in your immediate area. Urgent calls should be brief. Northwestern Bell uses protective measures to limit electrical surges from entering your home, but absolute protection from lightning is impossible.
- If you suspect a gas leak, report it immediately, but use a telephone away from the area in question. The telephone's electrical contacts could create a tiny spark when you dial. While unlikely, it is possible that this spark could ignite heavy concentrations of gas.

DIRECTORY ERRORS AND OMISSIONS

Northwestern Bell's liability due to errors in or omissions of directory listings shall be limited to and satisfied by an amount not exceeding one-half of the local exchange service charges (lines or trunks if PBX-CENTREX) for the service affected for the period from the date of issuance of the directory in which the mistake occurred to the date of issuance of a new directory containing the proper listing.

This tariff is on file with the Iowa State Commerce Commission and is also available for review at your telephone company.

Northwestern Bell has attempted to publish information that is current and accurate. However, the company cannot guarantee errors will not occur. The company is not responsible for the accuracy of material supplied by its subscribers or advertisers. In no event does Northwestern Bell assume any responsibility to notify directory users of any error or omission.

HOW TO HANDLE OBSCENE, ABUSIVE, THREATENING OR HARASSING CALLS

If you ever receive obscene, abusive, harassing or threatening calls, follow these suggestions:

1. Hang up at the first obscene word. Hang up if the caller remains silent the second time you say hello. Remember, YOU CONTROL YOUR TELEPHONE, not the person calling.

2. Do not give any information, such as your name or address, until the caller has been properly identified.

3. Advise your children and guests not to give out any information. If you are not at home, those answering your telephone should be instructed to say, "They're busy right now, may I take a message?"

4. If calls persist call your Telephone Company or your Police Department.

DISCONNECTING YOUR SERVICE

NO CHARGE TO DISCONNECT SERVICE

There is no charge to disconnect service. Call your Service Representative to make necessary arrangements. If you wish, charges can be stopped the day you call.

CONSUMER INFORMATION

OUR EMPLOYEES CARRY COMPANY IDENTIFICATION CARDS

For your safety every Northwestern Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

NORTHWESTERN BELL

TO CALL A PARTY ON YOUR LINE

Two-Party customers dial the listed number, hang up. Your bell and the bell of the called telephone will ring until the called telephone answers. When your telephone stops ringing, lift your receiver and begin your conversation. If no answer, lift your receiver for a moment and then replace it. This will stop the ringing and will clear the line for other calls.

Modular and Non-Modular Outlets

These drawings show you how to identify and use modular outlets, and how to change some non-modular outlets to modular ones. Modular outlets let you plug in or move your own telephones. The drawings show you some types of outlets that could be in your home. However, these illustrations are not intended to be all-inclusive, and the outlets you have in your home may be different. For more information, contact a retail supplier. The sale of this type of equipment is a competitive business and, therefore, we cannot recommend particular suppliers to you. For more information, look in the Yellow Pages under "Telephone Equipment & Systems" headings.

Figures 1-4 show some outlets for modular telephones. Just line up the clip at the end of the cord with the outlet, and insert it. To disconnect it, squeeze the clip with your thumb and forefinger and gently pull it out.

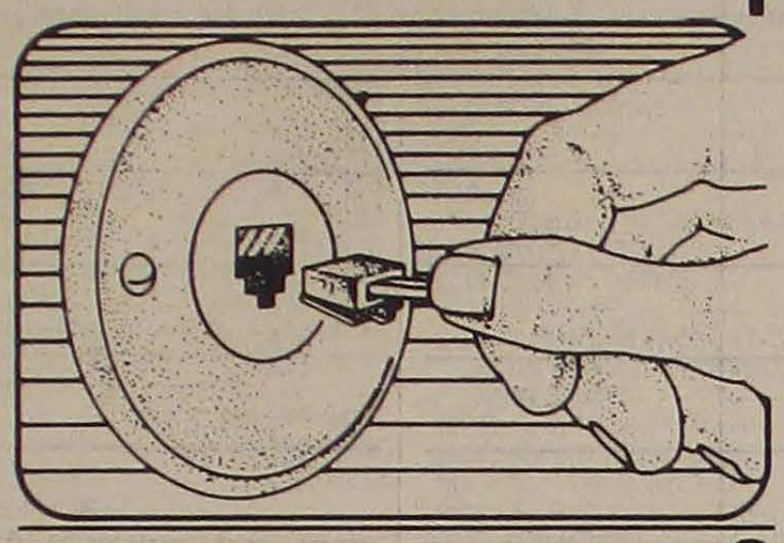

Figure 5 shows a special outlet for modular phones. To use it, push the cover in the direction of the arrow and insert the clip end of the modular cord. Then release the cover. It will spring back and fit snugly around the cord.

Figure 6 shows the outlet for a modular wall telephone. Line up the rivets on the outlet plate with the openings on the back of the phone. Push the phone lightly against the mounting and slide it down into place. To disconnect it, slide the phone up to lift it off the rivets, and pull it away from the wall.

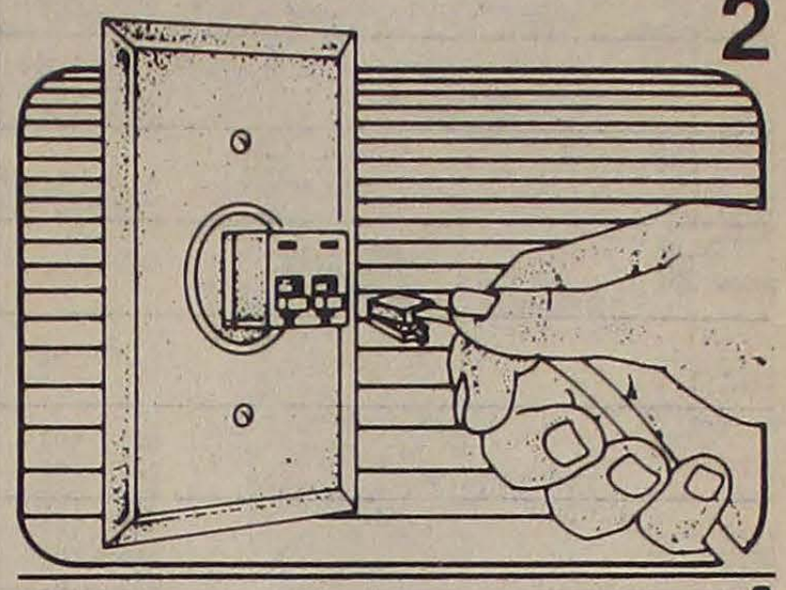

Figure 7 shows some non-modular outlets. You can easily change them to modular outlets by using special converters (not shown). Call your Service Representative for more information.

Figure 8 shows some other non-modular outlets (B thru E) and a sample converter (A). The converter permanently changes them to modular outlets to use with a modular cord. Plug the converter into the outlet, then plug the cord into the converter.

names 'n numbers

There's room on this page to write telephone numbers of friends, neighbors, babysitters, doctors and other people you call from time to time. We hope you'll write all over it . . . and keep it handy.

By using your telephone directory to find numbers and then jotting them down on this page, you'll save yourself time and help hold down the cost of telephone service.

Northwestern Bell's Consumer Bill of Rights

Northwestern Bell is committed to these consumer rights:

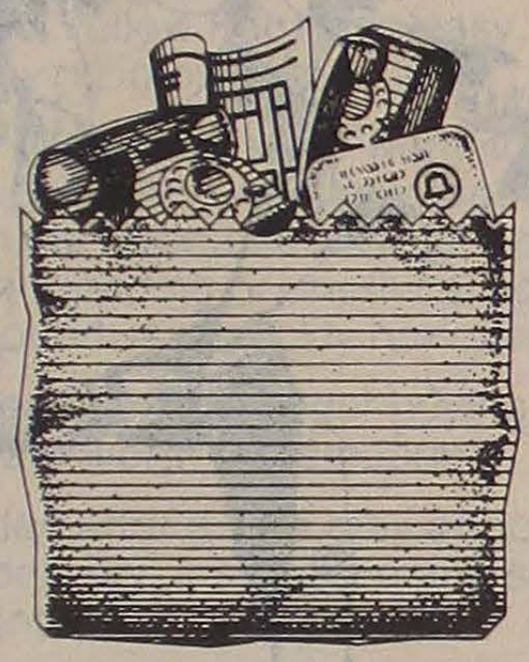

Dependable high quality services at reasonable prices
Northwestern Bell strives to provide quality telecommunications services for all consumers at fair and reasonable prices.

Courteous helpful assistance
Consumers deserve courteous, helpful assistance in all their transactions with Northwestern Bell employees.

Full information about our services
Consumers have a right to the information necessary to make sound decisions. It is our policy to provide consumers with the information they need about their telephone service, service options, including the lowest price service available, and pricing and payment options.

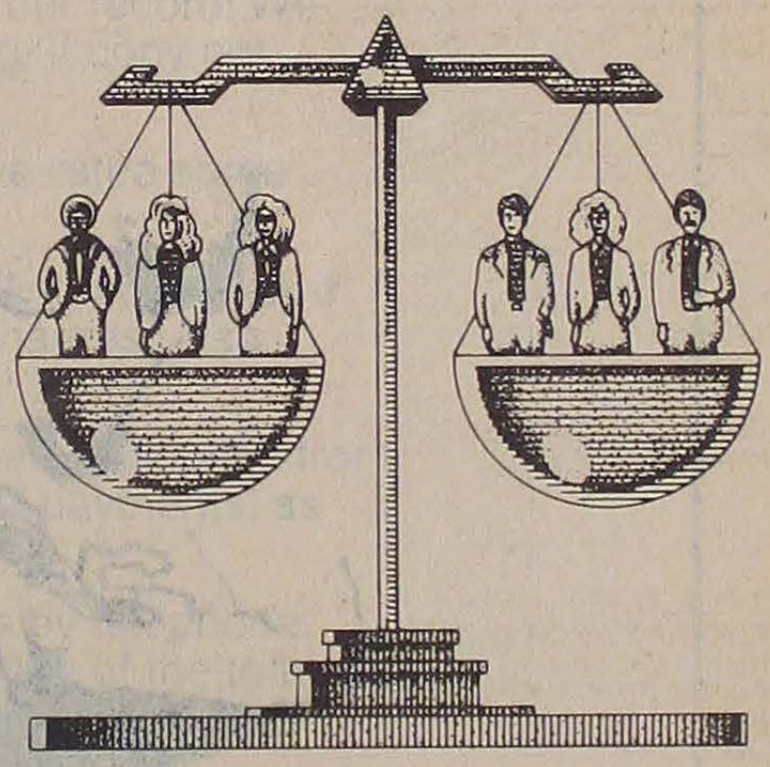

Choice of services
We believe consumers should have free and open choices of telecommunications services. When dealing with us the consumer should have the opportunity to select from all available service options.

Telecommunications privacy
We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An accurate, easily understood bill and reasonable billing procedure
We believe consumers should receive an accurate, easily understood bill, and one that makes clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspension, or disconnection of service for nonpayment. In case of bonafide emergencies, we try to avoid disconnection of service for nonpayment.

Fair resolution of complaints
It is our policy that consumers, wherever located, have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing, and other practices and procedures. Accordingly, we provide consumers with helpful information about where and how to express their concerns and complaints to the Company and to regulatory authorities.

The opportunity to be heard
We believe in listening to consumers and taking their advice, counsel and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

Two things to teach children about the telephone...

how to dial emergency numbers... and how to dial "home"

Emergencies are never expected. But they **do** happen.

Teach children how to dial emergency phone numbers. Children should also be taught to give their name, their address (including town) and their phone number during an emergency call.

Remember, as children get older and braver, they sometimes get lost.

By teaching children their home phone number, they can call you, or give the number to someone who can.

You'll feel better... and the children will, too.

Be careful not to turn your teaching into a game. Children should know the telephone is **not** a toy.

Northwestern Bell Yellow Pages

How to be a better buyer

Millions of people "Let Their Fingers Do The Walking" and shop the Yellow Pages. They find the Yellow Pages an easy, convenient source of telephone numbers and buying information.

As publishers of the Yellow Pages, we want you to be satisfied with our product and to use it frequently. And we know that the best way to do this is to keep your confidence in our directories. We are proud of our record! We will not knowingly accept misleading or unethical advertising. If copy not meeting our standards is found, it is quickly removed.

To help you get greater value in all your buying, we have listed some good shopping tips which are worth remembering.

Price. Service provided after a sale may affect the selling price. Ask if the selling price included delivery, installation and service charges. Also ask about returns and refunds.

Estimates and Receipts. On major purchases, obtain estimates from more than one company. Receipts should be obtained for all payments, as well as for appliances taken from your home or left for repair.

Service and Repair. Check the cost of service calls by telephone. When the repair person is on the premises, ask for an estimate of the total cost of repair, then get an itemized bill before paying.

Contracts and Credit Details. Don't be rushed into signing a contract if you are unfamiliar or unsure. Ask for a copy to take home for a careful review. Learn the terms, interest rate, and payment plan. Be sure to retain a copy of everything you sign.

Guarantees. All guarantees and promises should be in writing. Find out who is responsible for carrying out the terms of the guarantee. If there is a registration card, be sure to send it in.

Licenses. Some professions and occupations are required to be licensed or certified pursuant to local, state, or federal laws. Questions concerning the licensing status of Yellow Pages advertisers should be directed to the appropriate governmental agency.

We know that you will find Yellow Pages Shopping a rewarding experience.

Worry-saver tip:

Annoyance Calls

The best way to put an end to crank, prank, obscene or other annoying calls is to hang up immediately. If the calls persist, call your service representative. In difficult cases, we will work with the customer and authorities to catch the offenders. Threatening calls should be reported immediately to the police.

Check the front pages of this directory for other useful information about your telephone service.

What to do about annoying telephone calls

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a face-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.
2. Always find out who is calling; the name of the person and the company he or she represents.
3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.
4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.
5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance Calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.
2. Ask the caller for his or her identity. When a voice asks, "Who is this?" don't answer. Instead, ask "What number did you call?" or "Who do you want?" If the call isn't legitimate, that very likely will end it.
3. Tell your children and their baby-sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.
4. If the caller remains silent after you answer, *hang up!* Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!
2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases—the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of the family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, *call the police and call the telephone company—immediately.*
We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.
We have representatives who are trained to investigate, and help identify the source of these calls.

There's room on this page to write the telephone numbers of friends, neighbors, babysitters, doctors and other people you call from time to time.

We hope you'll write all over it and keep it handy. You'll find it's a convenient way to keep track of local and long distance numbers. And it's a time-saver too.

JEWELL

NORTHWESTERN BELL

Your complete telephone number is needed on long distance calls-both to and from Jewell-and whenever you give your number to others. However, on local calls to other Jewell telephones, the first two numbers-82-may be omitted.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Two-party customers dial 421.

After dialing the number hang up. Your telephone and the called telephone will ring until the call is answered. When the ringing stops, remove receiver and start your conversation. If no answer, remove receiver for a few seconds and then replace it to stop the ringing.

GENERAL TELEPHONE

TO CALL A PARTY ON YOUR LINE

If on repeated attempts to call a number the line is always busy it may be that the called number is on your line. Or if it is known that the party you wish to call is on your line, and you wish to call that party, proceed as follows:

1. Lift your receiver and listen for dial tone.
2. Dial 99 and directory listed number.
3. After dialing you will hear the busy tone. Then replace your handset. Allow a reasonable length of time for other party to answer, then pick up your handset and talk.
4. When the party you are calling answers, he will hear a 'ticking' sound which indicates that he should wait for calling party to speak.
5. If the called party does not answer, replace your handset.

How to save time and worry on the telephone

USE AREA CODES.
Avoid calling wrong numbers by dialing the correct Area Code when you're calling outside your own Area Code. Area Codes are listed in the Call-Guide section in the front of this directory.

SHOP BY PHONE.
Shopping by phone can save you time, effort and transportation costs. You'll find most anything you need quickly and easily in the Yellow Pages. Business and professional people are listed by the product and service they provide. Check the Yellow Pages' "Action Index" where subjects are cross-referenced.

ARRANGE FOR A CONFERENCE CALL.
Owe the relatives a call? Call them all at once. The operator can set up a conference call and get you all on the line at the same time. To speed connections, pre-arrange the call. The operator can tell you in advance how much the call will cost.

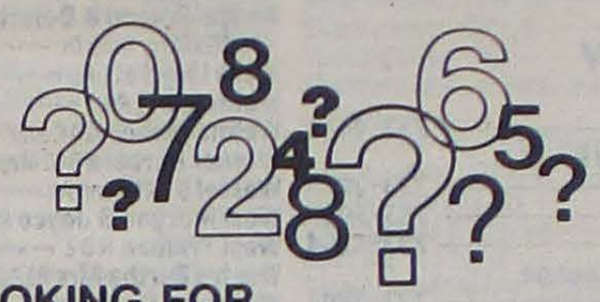

WRITE IN YOUR PHONE BOOK.
You'll find names and numbers easily the second time if you underline or circle them in the directory when you first look them up.

MAKE A LIST.
You can speed the time it takes to get in touch with people if you make a list of the numbers you call frequently.

BEFORE YOU DIG OR TRENCH.
To avoid cutting a buried telephone cable, please call the phone company before you dig. The special number for buried cable locations is listed in the front of this directory. There is no charge, and it may prevent you from knocking out vital telephone service for many people.

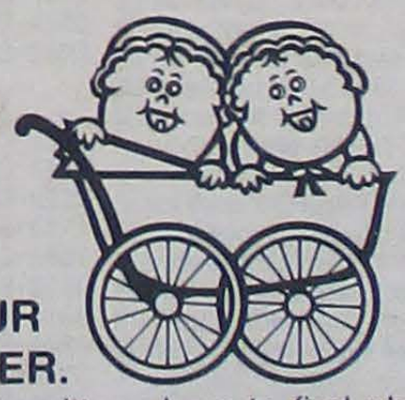

LET IT RING.
Give the person you're calling enough time to answer. Wait at least six rings before you hang up.

LOOKING FOR OUT-OF-TOWN NUMBERS?
Ask us for a directory for any city you call frequently. (There is a charge for out-of-state directories.) If you need the number for someone in a distant city, just dial the Area Code for the city, plus 555-1212. To see what time it is in the place you're calling, check the time zones on the Area Code map in the Call-Guide.

NUISANCE OR HARASSING CALLS.
You don't have to listen to pushy sales people. An effective way to stop their annoying calls is to say "no thanks" and hang up. The same "hang up" rule applies for callers who want to harass you or use obscene language on the phone. If these calls continue, call your telephone business office.

RSVP BY PHONE.
It's much faster and easier to answer written invitations by phone. And etiquette experts say it's socially correct.

SHOW YOUR BABY SITTER.
Show your baby sitter where to find phone numbers for fire, police and doctors in case of emergencies. And, of course, leave the number where you can be reached, right beside the phone.

TRAIN THE KIDS.
Teach your children to use the phone properly so they'll be ready in an emergency. Teach small children their phone number; then they can call home if they get lost. Give them change to carry for emergency calls.

IN CASE OF EMERGENCY:
You can be ready for any home emergency if you write down phone numbers for police, fire, ambulance and doctors — and keep these numbers close to your phone. You'll find emergency numbers on the inside front cover of this directory. If, however, the number isn't handy in an emergency, dial "O" (Operator) for assistance. Operators are on duty any time, day or night, to help you.

HAVE A SPECIAL NEED?
Your telephone company may be able to provide special phone services if you have difficulty using standard telephones. There are phones for people with sight, speech or hearing problems; phones for those who have limited arm and hand movement; and phones which can be adapted for use in special locations by wheel chair or bed patients. Check with your local business office for availability and details.

PUT YOUR PHONE NUMBER ON STATIONERY.
Make it easier for friends and business people to get in touch with you by having your phone number and Area Code printed on your letterhead and memos.

TO HAVE YOUR PHONE REPAIRED.
When you have trouble with your telephone, call Repair Service. The number is listed in the Call-Guide of this directory. However, Northwestern Bell does not repair customer-provided telephone equipment.

What to do about annoying telephone calls

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a face-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.
2. Always find out who is calling and the company he or she represents.
3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.
4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.
5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance Calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.
2. Ask the caller for his or her identity. When a voice asks, "Who is this?" don't answer. Instead, ask "What number did you call?" or "Who do you want?" If the call isn't legitimate, that very likely will end it.
3.Tell your children and their baby sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.
4. If the caller remains silent after you answer, *hang up!* Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!
2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases—the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of the family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, *call the police and call the telephone company—immediately.*
We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.
We have representatives who are trained to investigate and help identify the source of these calls.

names 'n numbers

There's room on this page to write telephone numbers of friends, neighbors, babysitters, doctors and other people you call from time to time. We hope you'll write all over it . . . and keep it handy.

By using your telephone directory to find numbers and then jotting them down on this page, you'll save yourself time and help hold down the cost of telephone service.

During the 1985-86 school year, Iowa State University will make changes in its telecommunications system. Two telephone numbers are shown below for the faculty and staff members affected by the cutover. The first number is for use before the change. The second number, **marked with an asterisk**, will be in use after the cutover. Phone numbers not affected by the cutover have only one number listed. Cutover is anticipated in early 1986.

Yellow Pages

names 'n numbers

There's room on this page to write the telephone numbers of friends, neighbors, babysitters, doctors and other people you call from time to time. We hope you'll write all over it and keep it handy. You'll find it's a convenient way to keep track of local and long distance numbers. And it's a timesaver too.
